CLERK, U S DISTRICT COURT

plaintiff/respondent

v.

Michael R Villagran
defendant/petitioner

Case No. 12CR94
Judge Norgle

Verified, must be taken as true.

PETITIONERS OFFER OF PROOF TO 5TH AND 6TH AMENDMENT VIOLATIONS

Petitioner neither waives rights to counsel nor waives rights to defend himself as required by the 6th Amendment. Petitioner hereby submits this "offer of proof" related to 5th & 6th Amendment violations. Petitioner has a right due process and to counsel according to the 5th and 6th Amendment of the Constitution. The right to counsel includes the right to "competent" lawful counsel. See Strickland v. Washington, 466 US 668 (1984).

In order to determine if counsel representing Petitioner is competent, Petitioner presented counsel with a questionnaire mailed in 1/2013, to determine counsels level of competence.

Counsel Refuse To Answer The Questionnaire.

A presumption now exists that counsel is incompetent as a matter of law and that counsel cannot effectively represent Petitioner. Therefore, Petitioner files this offer of proof to establish 6th Amendment violations.

The Court Cannot Refuse an Offer of Proof.

Petitioner submits an offer of proof via attached un rebuttable, un rebutted affidavit [see US v. Kis, (7th Cir. 1981) "Indeed, no more than that (affidavits) is needed to make the prima facie case..."] of Petitioner which proves that counsel is incompetent according to the 6th Amendment by refusing to answer the questions presented. Petitioner attaches questionnaire as "Exhibit Q" and his affidavit as "Appendix A". This motion is verified.

This court cannot refuse Petitioner's offer of proof: "Allegations such as those

asserted by petitioner, however inartfully pleaded, are sufficient to call for the opportunity to offer supporting evidence. Accordingly, although we intimate no view on the merits of petitioners allegations, we conclude that he is entitled to an opportunity to offer proof". Haines v. Kerner, 404 US 519, 522.

This offer of proof establishes as a matter of law that counsel is in violation of Petitioner's 6th Amendment Right and that no court of competent jurisdiction can properly rule on Petitioner's case since counsel has blatantly proven to be ineffective as a matter of law.

respectfully,

"without prejudice"

Dear Counsel, RALPH JOSEPH SCHINDLER JUNIOR

I hope this letter finds you well and rested after the holidays. I appreciate your involvement in my case. However, in order to insure that all my 6th Amendment Rights are properly protected, I am requesting that you answer questions in writing in order that I fully understand that I am receiving the best protection possible related to my freedom, according to my rights under the 6th Amendment to the Constitution. I am requesting that you provide me copies of all communications, including cell phone calls and texts related to my case. I am requesting that you continually update me related to any communication from the government.
